OPPORTUNITY FOR STUDENTS TO PRESENT & WIN AN AWARD

at the

**Irrigation Australia Conference
5 October - 7 October 2022**

The combined International Commission on Irrigation & Drainage (ICID) Congress and Irrigation Australia Conference & Exhibition is being held in October 2022 in Adelaide, Australia. This will be the **most significant irrigation event ever held in Australia**. The ICID Country membership network is spread over 78 countries across Africa, Americas, Asia and Oceania, and Europe, covering over 95% of the irrigated area of the world and we are expecting a large contingent of international visitors to attend.

To recognise our future leaders, students are encouraged to submit oral and poster papers that align with conference themes, and present their research to other peers and professionals on this global stage. Papers considered by the Organising Committee to be the best, will be eligible for a Student Award as follows:

- three student awards for the best paper and oral presentation
1st \$1000, 2nd \$500 and third \$250
- two student awards for the best paper and poster presentation
-1st \$500, 2nd \$250

Abstracts will be considered by a selection panel and a short list chosen to present at the event. The program will also provide opportunities for students to improve their skills development and networking.

The first 100 students registering and submitting an extended abstract as part of the student awards competition will receive a voucher to the value of \$150 (AUD) to attend the conference dinner on Thursday 6th October at the Adelaide Convention Centre where the student awards will be presented.

Schedule of submission:

- Submission of 'Student Abstracts' : 15 December 2021
- Notification of Acceptance of Abstracts: 15th January 2022
- Submission of papers : 15th March 2022
- Notification to authors (oral/poster/presentation) : 15th April 2022

The conference theme is '**Innovation and research in agriculture water management to achieve sustainable development goals.**'

Competing students must tick mark their online submission at the time of registration for abstract/paper submission. The purpose, the criteria and the process of 'Student Awards' is available at www.icid2022.com.au/student-awards

We encourage students to take up this opportunity.
